# Bioeconomy at FLD and CZU: activities of Forest Bioeconomy Team of FLD and the Bioeconomy Platform of the Czech Republic

*Martin Jankovský*

*WoodEMA conference*

*14. června 2023*

CZECH UNIVERSITY OF LIFE SCIENCES

# Why (forest) bioeconomy?

- A novel approach to old problems
- A holistic approach (in combination with circular economy)
- A value-based approach
- Abundant opportunities Početné příležitosti
- Minimal deviation from current focus of our activities

TÝM PRO LESNÍ  
**BIOEKONOMIKU**

[Team for forest bioeconomy - Forestry and Wood Sciences CULS Prague \(czu.cz\)](https://czu.cz)

## Our activities

- Research
  - Finding new project opportunities for FLD members
  - Targeting tasks focused on forest bioeconomy
- Pedagogy
  - Integration of forest bioeconomy principles at FLD
- International collaboration
  - Finding and establishing networking opportunities with relevant partners

# CZU University Team for Bioeconomy

- Similar activities to those of the faculty team
- Coordinating research, pedagogy, and knowledge transfer of the whole bioeconomy
- Team members cover all CZU faculties
- Newer, more difficult to coordinate, starting to spin

# Platform for bioeconomy of the Czech Republic

- The Platform aims to disseminate information, knowledge and experience of the bioeconomy to wide professional and general public
- A multi-actor platform where bioeconomy matters are shared between members
- Work is done in six sections:
  - Education and knowledge transfer
  - Socio-economic
  - Forest bioeconomy
  - Circular economy
  - Aquaculture and blue bioeconomy
  - Alternative fuels
- 26 institutional members, 8 individual members, 9 institutional partners
